COMPANY PROFILE

Integrated Technology for a Safer, Smarter Tomorrow

LevTech Integrated Systemns is a leading provider of innovative, reliable and integrated technology solutions for homes, businesses and institutions. We specialize in security, smart home automation, communication and power solutions, helping our clients create safer, smarter and more connected spaces.

Innovation
Modern technology for a better tomorrow

Reliability
Quality you can trust

Integration
Complete solutions under one partner

Customer Focus
Your security and comfort, our priority

OUR VISION

To inspire a security conscious environment.

OUR MISSION

To normalize and extend security systems in all social, commercial and industrial settings.

OUR CORE VALUES

Integrity
Doing the right thing always

Teamwork
Growing together with our clients

Excellence
Delivering outstanding solutions

Customer Success
Creating long-term value

HOMES
Smart living for today and tomorrow

BUSINESSES
Secure and efficient work environments

INSTITUTIONS
Reliable technology for greater impact

INDUSTRIAL
Robust solutions for demanding environments

INFRASTRUCTURE
Building safer communities

COMPLETE SECURITY & SMART SOLUTIONS

FOR HOMES, BUSINESSES AND INSTITUTIONS

LevTech Integrated Systems delivers end-to-end security, automation and connectivity solutions designed to make people, property and operations safer, smarter and more efficient.

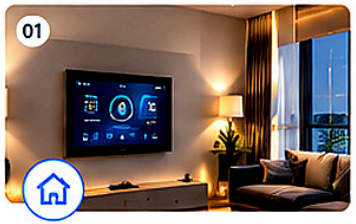

Integrated Solutions
Security, automation, power and connectivity under one partner.

Trusted Brands
Globally recognized and high-performance products.

Professional Support
Consultation, installation and after-sales service.

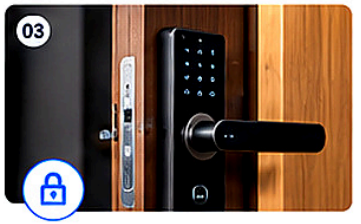

Customized for You
Solutions tailored to your home, business or industry.

Smart Home Automation
Control lighting, curtains, AC, TV and more. Create smarter, more comfortable living spaces.

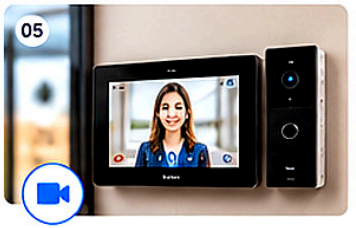

CCTV & Surveillance
High-definition camera systems for homes, businesses and public spaces.

Smart Locks
Secure, convenient and intelligent access control for modern spaces.

Access Control Systems
Manage and monitor access for offices, apartments, schools and industrial sites.

Video Intercom Systems
See, speak and control access at your entrance from anywhere.

Gate Automation
Sliding and swing gate motors for residential, commercial and industrial applications.

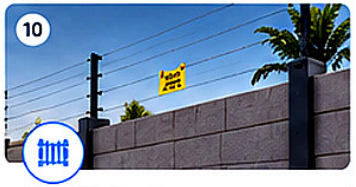

Fire Alarm Systems
Early detection and reliable fire protection for life and property.

GPS Tracking & Fleet Management
Track, manage and protect your vehicles and assets in real time.

Poworr & Solar Solutions
Uninterrupted power for homes, businesses and institutions with solar and backup systems.

Electric Fencing
Perimeter security for homes, businesses, warehouses and large facilities.

IP Telephony & Communication
Modern voice and communication solutions for businesses.

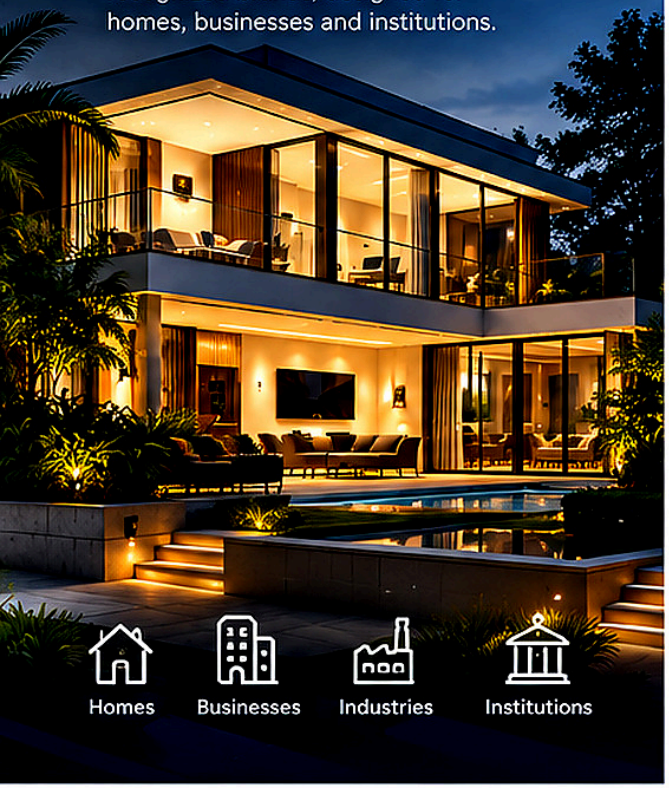

Network & Connectivity
Structured networking, WiFi and communications infrastructure for reliable performance.

PRODUCT CATEGORY

A COMPLETE RANGE FOR MODERN LIVING

LevTech Integrated Systems offers a comprehensive range of security, smart automation and integrated technology products from globally recognized brands, designed for homes, businesses and institutions.

01 Smart Control Panel

- Smart touch panels
- Scene control
- Device management
- APP control

02 Smart Lock

- Fingerprint locks
- Face recognition locks
- Smart WiFi locks
- Hotel door locks

03 Smart Switch

- Smart wall switches
- Touch switches
- Smart sockets
- Dimmers & lighting control

04 Smart Video Intercom

- Video door phones
- Indoor & outdoor units
- Remote app access
- Multi-apartment solutions

05 Smart Camera

- WiFi cameras
- 4G/Solar cameras
- PTZ cameras
- Indoor cameras

06 Smart Switch Module

- Smart relay modules
- Curtain modules
- Lighting modules
- WiFi / Zigbee modules

07 Smart Gateway

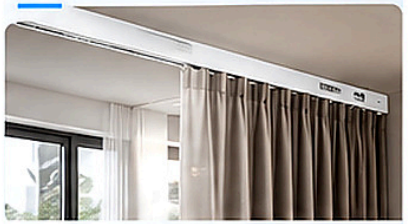

- WiFi / Zigbee gateways
- Multi-protocol hubs
- Smart home integration
- Tuya / Matter / Alexa support

08 Smart Sensor

- Motion sensors
- Door/window sensors
- Temperature & humidity sensors
- Smoke & gas sensors

09 Smart Curtain System

- Smart curtain motors
- Track systems
- Remote & voice control
- Tuya / Alexa / Google Home

10 Smart AC Thermostat

- AC thermostats
- Temperature control
- Fan coil control
- Smart climate management

11 Smart Film

- Switchable smart film
- Privacy glass solutions
- Residential & commercial use
- Manual or smart control

12 Accessories & Others

- Power supplies
- Mounting accessories
- SD cards & storage
- Cables and connectors

CCTV & INTELLIGENT SURVEILLANCE

24/7 PROTECTION FOR WHAT MATTERS

LevTech provides advanced CCTV and surveillance solutions for homes, businesses, institutions and industries. Our systems deliver high-quality video, intelligent detection and remote monitoring to help you secure your people, assets and premises.

- HD — High Definition
- Night Vision
- Motion Detection
- Remote Monitoring
- Cloud Storage
- Weatherproof Design
- AI — AI Analytics

CAMERA TYPES

A wide range of cameras for every environment and application.

Dome Camera
- Indoor use
- Discreet design
- 2MP / 4MP / 8MP
- Infrared night vision

Turret Camera
- Indoor & outdoor
- Compact design
- 2MP / 4MP / 8MP
- Smart IR & full-color

Bullet Camera
- Outdoor use
- Long-range view
- 2MP / 4MP / 8MP
- Weatherproof (IP67)

PTZ Camera
- 360° rotation
- Optical zoom
- Auto tracking
- Ideal for large areas

Solar Camera
- Solar powered
- 4G SIM connectivity
- Wire-free installation
- Ideal for remote areas

Dual Lens Camera
- Wide & close view
- Intelligent detection
- 4MP / 8MP / 10MP
- Active deterrence (light/siren)

Panoramic Camera
- 180°/360° panoramic
- Multiple lenses
- 6MP / 10MP / 12MP
- Ideal for large spaces

Fisheye Camera
- 360° fisheye view
- Indoor use
- 5MP / 12MP
- De-warp technology

Network Camera (IP)
- High-resolution IP
- PoE or WiFi
- 2MP / 4MP / 8MP
- Advanced analytics

WiFi Camera
- Easy installation
- WiFi connectivity
- 2MP / 4MP / 5MP
- Ideal for homes & offices

RECORDING SYSTEMS

Reliable recording options with advanced features.

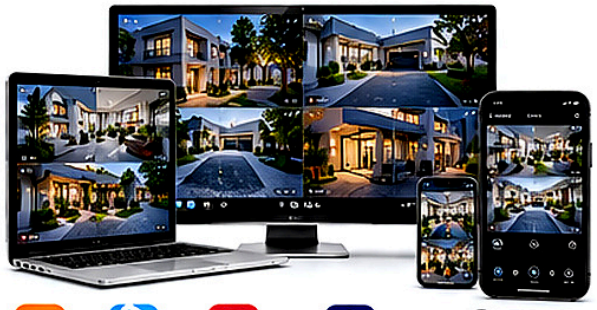

NVR (Network Video Recorder)
- IP camera recording
- 4 / 8 / 16 / 32 / 64 channels
- PoE options available
- Remote access & playback
- Supports high-resolution recording

DVR (Digital Video Recorder)
- Analog camera recording
- 4 / 8 / 16 / 32 channels
- Supports HD-TVI / AHD / CVI / CVBS
- Remote access & playback
- Reliable and cost-effective solution

REMOTE VIEWING

Access your cameras anytime, anywhere.

Imou Life | DMSS | Hik-Connect | Dahua DoLynk Care | Web Browser Access

KEY FEATURES

Advanced technology for stmarter and more reliable surveillance.

- HD — High Definition (2MP–12MP)
- Full-Color Night Vision
- AI Human Detection
- Vehicle Detection
- Active Deterrence (Light & Siren)
- Two-Way Audio
- Cloud Storage
- Mobile App Access

APPLICATION AREAS

Customized solutions for different environments.

Residential Homes
Keep your family safe and secure.

Offices & Businesses
Monitor and protect your premises.

Shops & Retail
Prevent theft and improve security.

Industries & Warehouses
Secure assets and monitor operations.

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

SOLAR & 4G SURVEILLANCE CAMERAS

SECURITY ANYWHERE, EVEN OFF-GRID.

LevTech solar and 4G cameras provide reliable surveillance for locations without electricity or internet. Ideal for homes, farms, construction sites, remote properties, farms, warehouses, and other outdoor areas. Stay connected and in control anytime, anywhere through your mobile phone.

- Solar Powered
- 4G SIM Connectivity
- Long Battery Life
- Motion Detection
- Full-Color Night Vision
- Weatherproof Design
- Mobile App Control

FEATURED SOLAR & 4G CAMERAS

High-performance solar cameras for flexible and reliable security.

LevTech Solar PTZ 4G

- 2MP / 4MP / 5MP
- 360° rotation
- 4G SIM connectivity
- Human detection
- Full-color night vision
- Two-way audio
- Waterproof (IP66)

LevTech Dual Lens 4G

- 2MP + 2MP dual lens
- Wide & close view
- 4G SIM connectivity
- Auto tracking
- Human detection
- Full-color night vision
- Waterproof (IP66)

LevTech Bullet Solar 4G

- 2MP / 4MP
- Fixed wide angle
- 4G SIM connectivity
- Motion detection
- Infrared & full-color night vision
- Two-way audio
- Weatherproof (IP66)

LevTech Mini Solar 4G

- 2MP / 3MP
- Compact design
- 4G SIM connectivity
- Human detection
- Full-color night vision
- Two-way audio
- Weatherproof (IP65)

LevTech Solar Dual PTZ

- 3MP + 3MP
- Dual PTZ rotation
- 4G SIM connectivity
- Smart tracking
- Active deterrence (light/siren)
- Full-color night vision
- Waterproof (IP66)

LevTech Solar Floodlight

- 3MP / 4MP
- Built-in LED floodlights
- 4G SIM connectivity
- Human detection
- Siren alarm
- Full-color night vision
- Weatherproof (IP66)

LevTech Solar Turret 4G

- 4MP / 5MP
- Wide viewing angle
- 4G SIM connectivity
- Smart motion detection
- Full-color night vision
- Two-way audio
- Waterproof (IP66)

LevTech Solar Panoramic 4G

- 6MP / 10MP
- 180° panoramic view
- 4G SIM connectivity
- Multi-lens design
- Auto tracking
- Full-color night vision
- Weatherproof (IP66)

HOW IT WORKS

Simple setup for reliable off-grid surveillance.

1. **Solar Power** — Charges the built-in battery.
2. **Insert 4G SIM** — Use any supported network.
3. **Install Camera** — Mount in your preferred location.
4. **View on App** — Access live and recorded video anytime, anywhere.

MOBILE APP ACCESS

Live view, playback and full control from anywhere.

- **Live View** — Watch in real time.
- **Playback** — View recorded footage.
- **Motion Alerts** — Get instant notifications.
- **Two-Way Audio** — Talk and listen.
- **Remote Control** — Rotate, zoom and adjust settings.
- **Multi-Device Access** — Share with family or staff.

KEY FEATURES

- 4G Connectivity
- Solar Powered
- Built-in Battery
- Full-Color Night Vision
- Human Detection
- Auto Tracking
- Siren & Floodlight
- Weatherproof (IP65/IP66)
- SD Card & Cloud Storage

APPLICATIONS

Ideal for remote and outdoor locations.

Residential Homes — Secure your home and perimeter.

Farms & Agriculture — Monitor farms, livestock and remote fields.

Construction Sites — Keep an eye on ongoing projects and equipment.

Warehouses & Yards — Protect assets and monitor large outdoor areas.

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

NETWORK VIDEO RECORDERS & RECORDING SOLUTIONS

RELIABLE RECORDING FOR CONTINUOUS SECURITY.

LevTech NVRs and DVRs provide stable, high-capacity and high-performance recording solutions for homes, businesses, industries and large-scale projects. Designed for 24/7 operation, our systems ensure your footage is always secure and easily accessible.

- 24/7 Recording
- High Channel Capacity
- Remote Access
- Smart Playback
- Large Storage Options
- Stable & Reliable

NETWORK VIDEO RECORDERS (NVR)

High-performance NVRs for IP camera systems with advanced features.

4CH POE NVR

- 4 Channel IP Recording
- Built-in PoE
- Up to 8MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for homes & small offices

8CH POE NVR

- 8 Channel IP Recording
- Built-in PoE
- Up to 8MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for shops & offices

16CH POE NVR

- 16 Channel IP Recording
- Built-in PoE
- Up to 8MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for medium projects

32CH POE NVR

- 32 Channel IP Recording
- Built-in PoE
- Up to 8MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for large installations

DIGITAL VIDEO RECORDERS (DVR)

Reliable DVRs for analog and HD camera systems.

4CH DVR

- 4 Channel Recording
- Supports HD Analog / AHD / TVI
- Up to 5MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for homes & small shops

8CH DVR

- 8 Channel Recording
- Supports HD Analog / AHD / TVI
- Up to 5MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for offices & retail outlets

16CH DVR

- 16 Channel Recording
- Supports HD Analog / AHD / TVI
- Up to 5MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for schools & businesses

32CH DVR

- 32 Channel Recording
- Supports HD Analog / AHD / TVI
- Up to 5MP Support
- HDMI & VGA Output
- Remote Access (Mobile/PC)
- Ideal for large facilities

STORAGE OPTIONS

Choose the right storage for your recording needs.

1TB
Surveillance HDD
Up to 7 days recording (approx.)

2TB
Surveillance HDD
Up to 14 days recording (approx.)

4TB
Surveillance HDD
Up to 30 days recording (approx.)

6TB
Surveillance HDD
Up to 45 days recording (approx.)

8TB
Surveillance HDD
Up to 60 days recording (approx.)

REMOTE ACCESS & MONITORING

View live and recorded footage anytime, anywhere.

- Imou Life
- Hik-Connect
- DMSS
- Web Browser Access

KEY FEATURES

Advanced features for efficient and secure video management.

- Multi-Channel Recording
- High Resolution (Up to 8MP)
- Smart Playback
- Remote Access
- Motion Detection
- Video Backup
- Multi-User Access
- HDMI / VGA Output

APPLICATION AREAS

Ideal for a wide range of environments.

Residential Homes
Keep your family and property safe.

Offices & Businesses
Monitor staff, assets and operations.

Shops & Retail
Prevent theft and improve security.

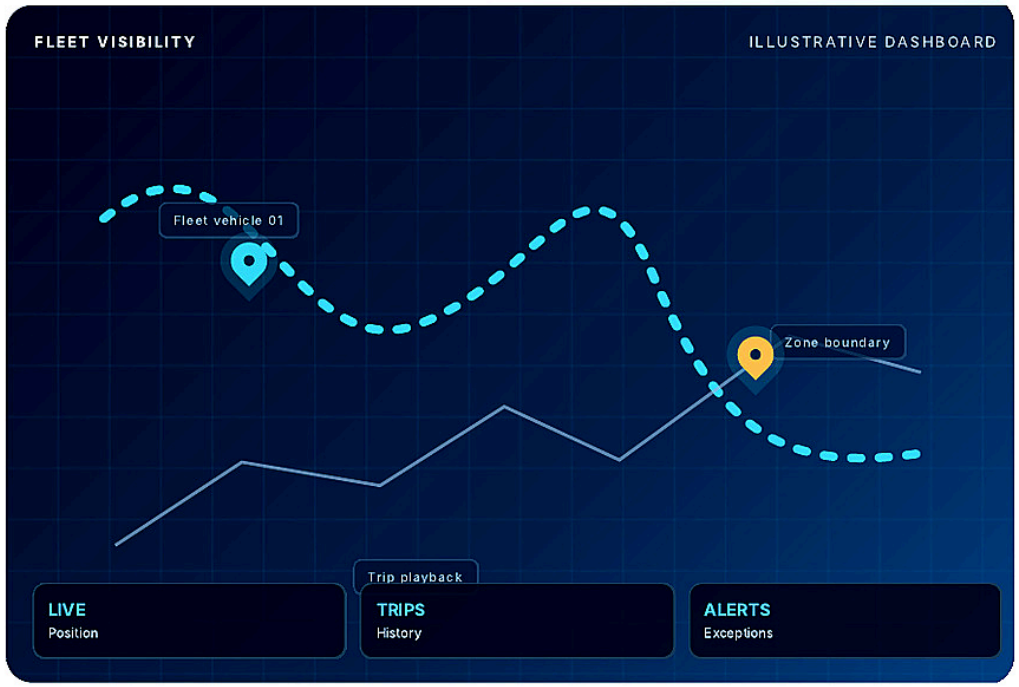

Industries & Warehouses
Monitor large areas and critical assets.

08 | GPS TRACKING & FLEET

GPS VEHICLE TRACKING & FLEET MANAGEMENT

Know where vehicles are, understand trips and support better fleet control across the working day.

CARS & MOTORCYCLES | TRIP HISTORY | FLEET VISIBILITY

01 LIVE LOCATION & PLAYBACK

View supported vehicle positions, review trip history and understand route activity.

02 GEOFENCING & ALERTS

Set zone rules and receive over-speeding, parking or offline alerts where supported.

03 FLEET OVERSIGHT

Use trip and vehicle data to support dispatch, utilisation and operational follow-up.

04 REMOTE IMMOBILISATION

Available only with compatible trackers and correct installation; motorcycle cut-off is model/EFI dependent.

DESIGNED FOR REAL-WORLD FLEETS

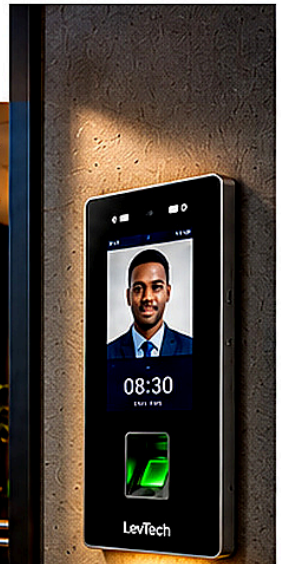

Company and delivery vehicles • Motorcycle fleets • Field teams • NGO and logistics operations

Final capability depends on tracker model, vehicle type, installation and selected service plan.

ACCESS CONTROL & TIME ATTENDANCE

SECURE ACCESS.
BETTER PEOPLE MANAGEMENT.

LevTech provides modern access control and time attendance solutions for homes, offices, schools, factories and institutions. Our systems help you control whoenters, track attendance and improve security across your premises.

Access Control · Time Attendance · Biometric Recognition · RFID Access · PIN Code Access · Software Management

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

BIOMETRIC ATTENDANCE TERMINALS

Reliable time and attendance tracking with multiple verification methods.

Face & Fingerprint Terminal
- Face, fingerprint, card, PIN
- 2.8" / 4.3" LCD display
- High user capacity
- TCP/IP, WiFi, USB
- Attendance software

Fingerprint Terminal
- Fingerprint, card, PIN
- 2.8" LCD display
- High-speed recognition
- TCP/IP, USB
- Attendance reports

Face Recognition Terminal
- Face, card, PIN
- 4" touchscreen
- High accuracy AI recognition
- TCP/IP, WiFi
- Attendance & access control

Card & PIN Terminal
- RFID card, PIN
- Touch keypad
- LED indicator
- IP65 (outdoor use)
- Access control compatible

ACCESS CONTROL DEVICES

Complete range of devices for secure and flexible access management.

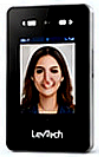

RFID Card Reader
- Card access
- Wiegand output
- LED indicator
- Indoor / outdoor
- Access control system

Keypad Reader
- PIN code access
- Touch keypad
- Wiegand output
- Backlight keys
- Indoor / outdoor

Fingerprint Reader
- Fingerprint access
- Fast recognition
- Wiegand output
- IP65 (outdoor use)
- Access control system

Face Reader
- Face recognition
- Card, PIN (optional)
- High-speed AI
- TCP/IP, WiFi
- Access control system

Exit Button
- Exit switch
- Durable design
- For all door types
- Surface / flush mount

Electric Lock
- Magnetic lock / Electric strike
- 12V DC
- Reliable and secure
- For glass, wood, metal doors

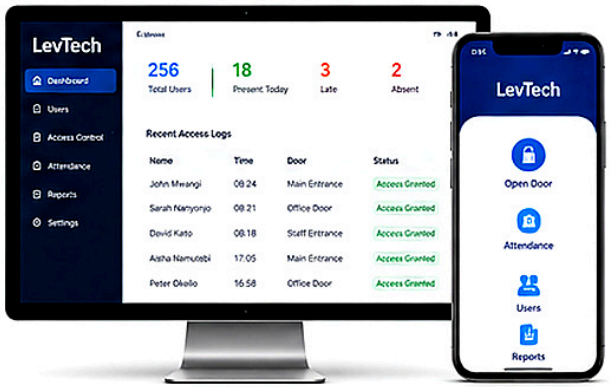

ACCESS CONTROL SYSTEM ARCHITECTURE

A complete solution that works together.

SOFTWARE & MOBILE APP

Manage access and attendance easily.

KEY FEATURES

Face Recognition · Fingerprint Access · RFID Card Access · PIN Code Access · Attendance Reports · Remote Management · High Security · Easy Integration

APPLICATION AREAS

Suitable for a wide range of environments.

Offices & Businesses
Control employee access and attendance.

Schools & Institutions
Secure students and staff.

Factories & Industries
Manage staff and restricted areas.

Residential Complexes
Secure entry for residents and visitors.

SMART LOCKS & KEYLESS ENTRY

SECURE ACCESS FOR A SMARTER TOMORROW

LevTech offers a wide range of smart locks for homes, offices, apartments, hotels and commercial spaces. Enjoy keyless entry with fingerprint, PIN code, RFID card, mobile app control and more.

- Fingerprint Access
- PIN Code Access
- RFID Card Access
- Mobile App Control
- Mechanical Key Backuty
- Real-time Notifications
- Tamper Alert

FEATURED SMART LOCKS

Modern designs with advanced security features.

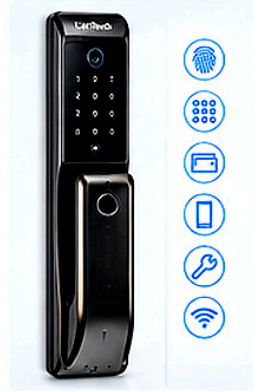

LevTech Anchor L1
Smart Lock

- Fingerprint, PIN, RFID, App
- Sleek modern design
- Multiple access methods
- Anti-tamper alarm
- Ideal for homes and offices

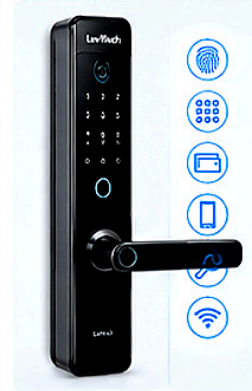

LevTech Anchor L2
Smart Lock

- Fingerprint, PIN, RFID, App
- Premium finish
- Large touch keypad
- Low battery alert
- Ideal for modern homes

LevTech Anchor L3
Smart Lock

- 3D face recognition (optional)
- Fingerprint, PIN, RFID, App
- Automatic locking
- Built-in doorbell
- Ideal for apartments & villas

LevTech Anchor L4
Smart Lock

- Fingerprint, PIN, RFID, App
- Elegant and minimal design
- Multiple unlock methods
- Anti-pry protection
- Ideal for offices & rentals

WHY CHOOSE LEVTECH SMART LOCKS?

Reliable, secure and convenient access control for every space.

Enhanced Security
Advanced encryption and anti-tamper protection.

Keyless Convenience
Multiple access methods for your family, staff or guests.

Remote Access
Unlock and manage access from anywhere via mobile app.

Modern Designs
Stylish finishes to match any interior or exterior.

Easy Management
Add or remove users easily.

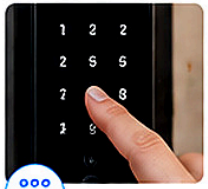

Wide Applications
Suitable for homes, offices, hotels, apartments and more.

ACCESS METHODS

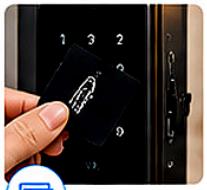

Multiple ways to unlock for a smarter and more flexible experience.

Fingerprint
Fast and accurate fingerprint recognition.

PIN Code
Secure and customizable PIN codes.

RFID Card
Easy access with RFID cards or tags.

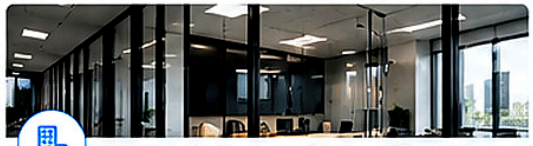

Mobile App
Unlock remotely via smartphone.

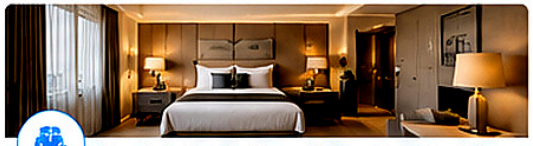

Mechanical Key
Physical key backup for emergencies.

Residential Homes Secure and convenient access for your family.

Offices & Businesses Manage staff and visitor access with ease.

Hotels & Hospitality Modern access control for guests and rooms.

Apartments & Rentals Secure and flexible access for tenants and visitors.

VIDEO INTERCOM & SMART DOOR ENTRY

SEE. TALK. CONTROL.
A SAFER ENTRANCE.

LevTech video intercom systems let you see, talk to and grant access to visitors from indoor monitors or your smartphone. Ideal for homes, apartments, offices, hotels and multi-tenant buildings, our solutions combine clear video, two-way audio and seamless access control integration.

- Video Monitoring
- Two-Way Audio
- Remote Door Unlock
- Mobile App Access
- Multi-Tenant Solutions
- Home Integration

INDOOR MONITORS

Stylish indoor units with high-resolution displays and intuitive controls.

7" Indoor Monitor
- 7-inch HD touchscreen
- Two-way audio
- Live view & playback
- Unlock door / gate
- WiFi / App support
- Modern, slim design

10" Indoor Monitor
- 10-inch HD touchscreen
- Two-way audio
- Live view & recording
- Unlock door / gate
- Multi-device support
- Ideal for homes & offices

Indoor Monitor (WiFi)
- 7-inch screen
- WiFi & mobile app access
- Two-way audio
- Unlock door / gate
- Motion alerts
- Easy installation

Audio Intercom
- Audio-only intercom
- Clear two-way audio
- Door unlock function
- Simple and reliable
- Ideal for apartments
- Wall-mounted design

OUTDOOR DOOR STATIONS

Vandal-resistant outdoor units with clear video, night vision and multiple access options.

Villa Door Station
- 2MP HD camera
- Night vision
- Two-way audio
- Call to indoor monitor
- Unlock door / gate
- Weatherproof (IP65)

Multi-Button Station
- 2MP HD camera
- Multiple call buttons
- Two-way audio
- Card / PIN support
- Unlock door / gate
- Ideal for apartments

Keypad Door Station
- 2MP HD camera
- PIN code access
- RFID card support
- Two-way audio
- Unlock door / gate
- Weatherproof (IP65)

Fingerprint Station
- 2MP HD camera
- Fingerprint access
- PIN code & RFID
- Two-way audio
- Unlock door / gate
- Ideal for offices & villas

Face Recognition Station
- 2MP HD camera
- Face recognition
- PIN code & RFID
- Two-way audio
- Unlock door / gate
- Premium design

MOBILE APP CONTROL

Answer calls, view live video and unlock your door from anywhere.

Instant Notifications
Get a call on your phone when a visitor rings.

Remote Door Unlock
Open the door or gate from anywhere.

Live View & Playback
View live video or recorded visits anytime.

Multi-Device Access
Share access with family or staff members.

SYSTEM INTEGRATION

Works seamlessly with other security and smart devices.

APPLICATIONS

Suitable for a wide range of residential, commercial and institutional buildings.

Residential Homes
Modern and secure entry for your family.

Apartments & Estates
Multi-tenant video intercom solutions.

Offices & Workplaces
Control visitor access professionally.

Hotels & Hospitality
Premium solutions for guests and staff.

Gated Communities
Integrated gate and intercom control.

Institutions
Ideal for schools, hospitals and public facilties.

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

SMART DOORBELLS & VISITOR MANAGEMENT

SEE.
SPEAK.
OPEN.
ANYWHERE.

LevTech offers smart video doorbells and visitor management solutions for homes, offices, apartments, schools and commercial premises. See your visitors, communicate in real time and control access from anywhere using your smartphone or indoor monitor.

- Live Video Viewing
- Two-way Communication
- Mobile App Access
- Remote Door Unlock
- Instant Notifications
- Cloud & SD Card Storage
- Night Vision Monitoring

VIDEO DOORBELLS

Smart video doorbells with high-definition video, two-way audio and mobile access.

IMOU Doorbell 3 Kit
- 4MP HD video
- Two-way audio
- Battery or wired (chime)
- PIR human detection
- Night vision
- Mobile app access

Dahua Video Doorbell
- 2K /4MP HD video
- Two-way audio
- PIR motion detection
- Smart notifications
- Weatherproof design
- Mobile app access

Hikvision Video Doorbell
- 2MP/4MP options
- Two-way audio
- AI human detection
- Night vision
- Tamper alert
- Mobile app & NVR support

Tapo Smart Doorbell
- 2K QHD video
- Two-way audio
- Multiple chime options
- AI detection
- IP65 weatherproof
- Mobile app access

EZVIZ Video Doorbell
- 2K HD video
- Two-way audio
- AI human detection
- Night vision
- Cloud & SD storage
- Mobile app access

INDOOR MONITORS & VIDEO INTERCOMS

Indoor monitors for convenient visitor viewing and entry control.

IMOU Smart Door View VD1
- 5MP HD video
- 4.3" indoor screen
- Two-way audio
- Night vision
- Multiple unlocking methods
- Home security integration

IMOU Video DoorPhone VDP7
- 7" touch screen
- 2MP HD video
- Two-way audio
- PoE or W-Fi options
- Remote door unlock
- Multiple indoor monitors

Dahua Indoor Monitor
- 7" touch screen
- HD video intercom
- Two-way audio
- Supports multiple door stations
- Remote door unlock
- Home & office solutions

Hikvision Indoor Monitor
- 7" or 10" touch screen
- HD video intercom
- Two-way audio
- Multi-door support
- Remote door unlock
- Integration with access control

HOW IT WORKS

See, speak and control your entrance from anywhere.

Visitor Presses Doorbell

→ Connects via Wi-Fi / Ethernet → Sends Notification to Your Phone →

See & Communicate in Real Time

→ Unlock Door (Remotely)

ACCESS CONTROL INTEGRATION

Integrate with electric locks, gate motors and access control systems.

Electric Lock

Gate Motor

Smart Lock

KEY FEATURES

- High Definition Video
- Two-way Audio
- Mobile App Control
- Motion Detection
- Night Vision
- Remote Unlocking
- Cloud & SD Storage
- Multi-user Access
- Easy Installation
- Reliable Performance

APPLICATION AREAS

Suitable for a wide range of environments.

Residential Homes
Enhance home security and convenience

Apartments & Estates
Manage visitors and control entry

Office Buildings
Professional visitor management

Schools & Institutions
Safe and controlled access for students & staff

Commercial Premises
Secure entry for customers and staff

LevTech Integrated Systems

Smart. Secure. Reliable.

INTRUSION ALARMS, MOTION SENSORS & SMART SECURITY SYSTEMS

Detect. Deter. Respond.

Protect what matters with intelligent alarm systems that detect intrusion, alert you instantly and keep your property safe day and night.

- INTRUSION DETECTION
- INSTANT ALERTS
- APP NOTIFICATIONS
- 24/7 PROTECTION
- CUSTOMIZABLE SOLUTIONS

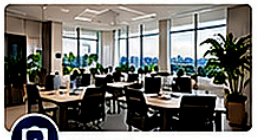

IDEAL FOR MULTIPLE APPLICATIONS

HOMES & VILLAS
Keep your family and property secure.

SHOPS & RETAIL
Protect your business and assets.

OFFICES
Secure your workplace and staff.

WAREHOUSES
Monitor large areas with reliable alerts.

A Safer Tomorrow
Starts with Smarter Security.

LevTech provides intelligent alarm and detection solutions for homes, businesses and commercial properties, combining

01 ALARM HUBS & CONTROL PANELS

The brain of your security system.

- Supports multiple wireless and wired devices
- Arm, disarm and monitor via app, keypad or remote
- Custom zones and user access
- Backup power for continuous operation

02 MOTION DETECTORS

Detect movement and trigger alerts.

- PIR motion detectors (indoor)
- Dual-technology detectors (PIR + Microwave)
- Ceiling mount options
- Outdoor motion detectors (weatherproof)

03 DOOR/WINDOW CONTACTS & VIBRATION SENSORS

Monitor entry points and detect tampering.

- Magnetic contacts for doors and windows
- Wireless and wired options
- Vibration and shock sensors
- Ideal for perimeter and internal protection

04 SIRENS & STROBES

Loud and visible alerts to deter intruders.

- Indoor sirens (audible)
- Outdoor sirens with strobe lights
- High-decibel sound output
- Tamper-resistant designs (selected models)

05 KEYPADS, REMOTES & RFID ACCESSORIES

Flexible control options for your security system.

- Touch and keypad control panels
- Remote arm/disarm key fobs
- RFID key tags and cards
- Multiple user access (selected models)

06 PANIC BUTTONS & ADDITIONAL SENSORS

Enhanced protection for your home or business.

- Panic buttons for emergency alerts
- Smoke detectors for early fire detection
- Water leak sensors for flood protection
- Additional sensors for a safer environment

HOW IT WORKS

1. **Arm System** (Home, Away or Night Mode)
2. **Detect Intrusion** (Motion, Door/Window, Tamper)
3. **Trigger Siren** (Indoor / Outdoor)
4. **Send Alert** (App / SMS / Call) (Supported Models)

IMPORTANT NOTE

Features and connectivity vary by model; confirm compatible devices, backup power and alert pathways before installation.

FIRE ALARM & LIFE SAFETY SYSTEMS

EARLY DETECTION.
FASTER RESPONSE.
SAFER ENVIRONMENTS.

LevTech provides reliable fire alarm and life safety solutions for homes, offices, schools, hospitals, hotels, factories and industrial facilities. Our systems help you detect fire early, alert occupants and protect lives and property.

- Early Detection
- Instant Alerts
- Life Safety
- Code Compliance
- Scalable Solutions
- Professional Installation
- After-sales Support

FIRE ALARM CONTROL PANELS

Advanced and reliable control panels for conventional and addressable fire alarm systems.

Conventional Fire Alarm Panel

- 2 / 4 / 8 / 16 Zones
- User-friendly operation
- Supports smoke, heat & manual call points
- Built-in sounder output
- Ideal for small to medium buildings

Addressable Fire Alarm Panel

- 1 / 2 Loop options
- High system capacity
- Precise device identification
- Advanced monitoring & diagnostics
- Ideal for large and complex buildings

Dahua Fire Alarm Panel

- Conventional & addressable options
- High reliability and stability
- Network integration capability
- Event logging and reporting
- Suitable for commercial and industrial applications

DETECTION DEVICES

A complete range of detectors for reliable and early fire detection.

Smoke Detector

- Photoelectric type
- High sensitivity
- 360° detection
- Ceiling mount

Heat Detector

- Fixed temperature or rate-of-rise
- Reliable performance
- Ideal for kitchens and high-heat areas

Multi-sensor Detector

- Smoke + heat
- Reduced false alarms
- Advanced detection
- Ideal for critical areas

Gas Detector

- Detects combustible gases
- Early warning alerts
- Suitable for car parks, plant rooms & industrial areas

MANUAL & ALERT DEVICES

Manual Call Point

- Break glass type
- Quick activation
- Clear indication
- Wall mount

Sounder & Strobe

- High sound output
- Bright LED strobe
- Internal or external use
- Multiple mounting options

FIRE ALARM SYSTEM ARCHITECTURE

A complete integrated solution for fire detection, alarm and life safety.

ACCESSORIES & ADDITIONAL DEVICES

Input/Output Module

Beam Detector

Aspirating Smoke Detection System

Fire Bell

Emergency Exit Light

Fire Door Release

KEY FEATURES

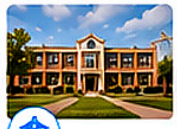

- Reliable Detection
- Instant Alerts
- Reduce False Alarms
- Easy Integration
- Complies with Standards
- Professional Installation
- 24/7 Support

APPLICATION AREAS

Suitable for a wide range of environments.

Commercial Buildings
Offices and business premises.

Institutional Facilities
Schools, universities and government buildings.

Healthcare Facilities
Hospitals and medical centres.

Industrial Sites
Factories, warehouses and production plants.

Hotels & Hospitality
Hotels, restaurants and hospitality venues.

ELECTRIC FENCING & PERIMETER PROTECTION

A STRONGER FIRST LINE OF DEFENCE.

LevTech provides reliable electric fencing and perimeter protection solutions for homes, estates, offices, factories, schools and commercial properties. Our systems deter intruders, enhance security and integrate with alarms, CCTV and access control for complete protection.

- Deters Intruders
- High Security
- Instant Alerts
- Reliable Performance
- Suitable for All Properties
- Integrates with Other Systems

PERIMETER SECURITY SOLUTIONS

Complete perimeter protection for maximum security.

Electric Fencing Systems
- Powerful and reliable
- Deters unauthorized access
- Ideal for homes, estates, offices and industrial sites

Beam Sensors
- Detects boundary intrusion
- Indoor and outdoor options
- Long range coverage
- Works with alarm systems

Vibration Sensors
- Detects cutting and climbing
- High sensitivity
- Weatherproof design
- Ideal for walls and fences

Razor Wire & Security Fencing
- High-security perimeter barrier
- Wall and fence installation
- Durable and long-lasting
- Suitable for sensitive sites

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

ELECTRIC FENCE ENERGIZERS

High-performance energizers for residential, commercial and industrial applications.

Centurion D5
- Up to 5 Joules
- Up to 40 km
- Mains or solar powered
- LCD status display
- Built-in alarm outputs
- Ideal for homes & small commercial sites

Centurion D10
- Up to 10 Joules
- Up to 80 km
- Mains or solar powered
- LCD status display
- Advanced monitoring
- Ideal for large properties and estates

Dahua Electric Fence Energizer
- Reliable performance
- Multiple zone options
- LCD display
- Alarm integration
- Mains or solar powered
- Ideal for residential and commercial sites

Hikvision Electric Fence Energizer
- Stable and efficient output
- LCD display
- Multiple zone options
- Alarm and network integration
- Mains or solar powered
- Ideal for homes, offices and industrial sites

FENCE ACCESSORIES & INSTALLATION COMPONENTS

Quality components for a durable and reliable electric fence installation.

Galvanized Fence Wire
- High tensile strength
- UV resistant
- Long lifespan

Aluminium Fence Wire
- Lightweight
- Corrosion resistant
- Ideal for long runs

Wall & Pole Insulators
- Heavy-duty
- UV resistant
- Multiple types

Wire Tensioner
- Strong and durable
- Easy installation
- Maintains wire tension

Warning Signs
- High visibility
- Weather resistant
- Multiple designs

Earth Rods
- Galvanized / copper
- Multiple lengths
- Ensures proper earthing

Steel Poles
- Galvanized
- Multiple heights
- Heavy-duty

Pole Caps
- UV resistant
- Weatherproof
- Neat finish

Joining Clamps
- Secure connection
- Stainless steel
- I Durable

Corner Brackets
- Strong and stable
- For corner installations
- Multiple angles

Spring
- Absorbs tension
- Prevents wire breakage
- Long lasting

Gate Handle
- Insulated handle
- Strong and durable
- Safe and convenient

SYSTEM INTEGRATION

Integrate with alarms, CCTV and access control for a complete security solution.

KEY FEATURES

- High Security
- Deterrent Effect
- Tamper Detection
- Weather Resistant
- Solar Power Options
- Alarm Integration
- CCTV Integration
- Durable Components
- Professional Installation
- After-sales Support

APPLICATION AREAS

Suitable for a wide range of environments.

Residential Homes
Protect your family and property

Residential Estates
Enhanced security for gated communities

Commercial Offices
Secure offices and business premises

Factories & Industries
Protect assets and critical infrastructure

Schools & Institutions
Safe and secure learning environments

Warehouses & Yards
Prevent theft and unauthorized access

GATE AUTOMATION & ELECTRIC GATE MOTORS

CONVENIENCE.
SECURITY.
MODERN LIVING.

LevTech provides reliable gate automation solutions for homes, residential estates, offices, factories and commercial premises. Our gate motors combine security, convenience and durability, with smart access control options.

- Automatic Operation
- Enhanced Security
- Remote Control
- Durable Design
- Suitable for All Properties
- Smart Access Options

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

SLIDING GATE MOTORS

Powerful and reliable motors for smooth and secure sliding gates.

Centurion D5
- Reliable and powerful
- Up to 500kg / 1000kg
- High security features
- Battery backup option
- Ideal for residential and commercial use

Centurion D10
- Heavy-duty performance
- Up to 1000kg
- High speed operation
- Intelligent features
- Backup battery option
- Ideal for estates & industrial gates

Dahua Sliding Gate Motor
- Modern and compact design
- Strong and durable
- Smooth and quiet operation
- Multiple control options
- Safety infrared support
- Ideal for homes and offices

Hikvision Sliding Gate Motor
- Reliable performance
- Modern design
- Smooth and stable operation
- Multi-control access
- Safety protections
- Ideal for residential and commercial sites

SWING GATE MOTORS

Robust and efficient motors for single or double swing gates.

Centurion Vantage
- For single or double swing gates
- Powerful and reliable
- Up to 2.5m per leaf
- Smooth and quiet operation
- Battery backup option
- Ideal for homes and estates

Dahua Swing Gate Motor
- Modern and elegant design
- Strong and durable
- Up to 2.5m per leaf
- Smooth operation
- Multiple control options
- Ideal for residential and offices

Hikvision Swing Gate Motor
- Reliable and durable
- Up to 2.5m per leaf
- Smooth and stable movement
- Safety obstacle detection
- Multiple access option
- Ideal for homes and commercial

ACCESSORIES & CONTROL DEVICES

A range of accessories for complete gate automation solutions.

Remote Controls

Keypad Access

RFID Reader

Exit Button

Photocell Sensors

Flashing Light

Vehicle Loop Detector

Intercom System

Access Card

Battery Backup

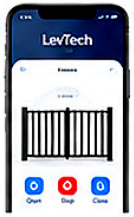

Gate Rack

Installation Kit

CONTROL METHODS

Multiple ways to open and control your gate.

Remote Control

Mobile App Control

Keypad Access

RFID Access

KEY FEATURES

- Smooth Operation
- Enhanced Security
- Multiple Access Options
- Battery Backup Support
- Smart Integration (Compatible Systems)
- Durable and Weatherproof

APPLICATION AREAS

Suitable for a wide range of environments.

Residential Homes
Convenience and security for your family.

Residential Estates
Integrated access control for estates.

Commercial Offices
Professional and reliable solutions.

Factories & Industries
Heavy-duty solutions for industrial sites.

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

SMART HOME AUTOMATION

A SMARTER WAY TO LIVE, WORK AND SECURE

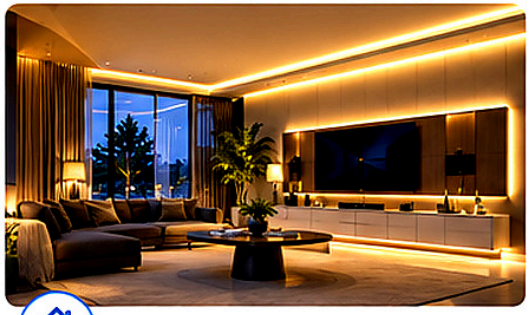

LevTech Integrated Systems brings modern smart home solutions that make your life more comfortable, convenient and secure. Control lighting, curtains, air conditioning, appliances and security devices from a single app or smart panel.

- Smart Lighting
- Smart Curtains
- AC Control
- Security Integration
- Smart Scenes
- Mobile App Control
- Voice Control
- Device Management

KEY BENEFITS

Experience a connected and intelligent home with seamless control, enhanced security and greater energy efficiency.

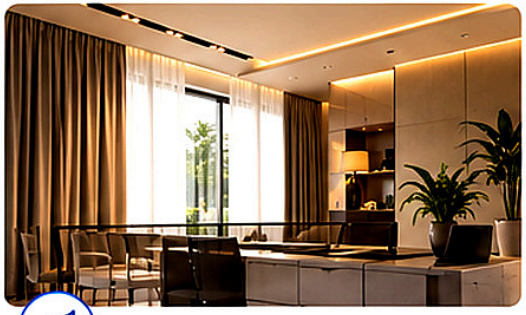

Comfort & Convenience

Control your home environment easily from touch panels, mobile apps or voice assistants.

Remote Control

Manage your home from anywhere using your smartphone. Stay connected and in control at all times.

Energy Efficiency

Automate and schedule devices to reduce energy consumption and save on utility costs.

Enhanced Security

Integrate cameras, sensors and smart locks for a safer and more secure home.

SMART HOME CONTROL SYSTEMS

ONE INTERFACE.
TOTAL CONTROL.

LevTech offers advanced smart control systems that bring all your home devices together on a single, beautiful interface. Control lighting, curtains, air conditioning, security and more from touch panels, mobile apps or voice assistants.

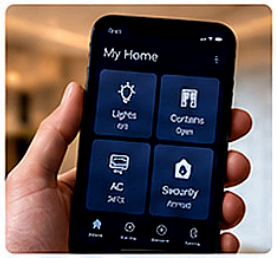

- All-in-One Control
- Custom Scenes
- Mobile App Control
- Voice Control
- Device Integration
- Scheduling & Automation

CONTROL YOUR HOME YOUR WAY

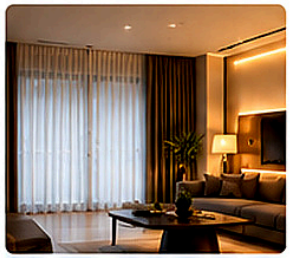

Touch Panel
Elegant wall-mounted control panels.

Mobile App
Control from anywhere using your smartphone.

Voice Assistant
Works with Alexa, Google Home and more.

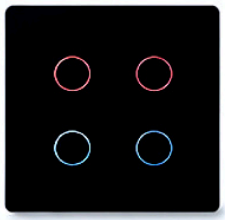

Automation
Set schedules, scenes and smart automation.

SMART CONTROL PANELS

Elegant touch panels for complete home and office control.

LevTech Smart Panel 10"
- 10.1-inch HD touch screen
- Control lights, curtains, AC and more
- Android-based smart home hub
- WiFi, Zigbee, Bluetooth
- Wall-mounted design

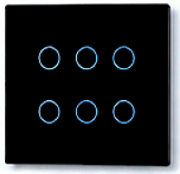

LevTech Smart Panel 4"
- 4-inch HD touch screen
- Scene control and device management
- WiFi / Zigbee connectivity
- Modern, minimal design
- Available in black or white

LevTech Smart Panel 3.5"
- 3.5-inch touch screen
- Integrated physical buttons
- Control lights, curtains, AC and more
- WiFi / Zigbee
- Ideal for homes and apartments

SMART SWITCHES

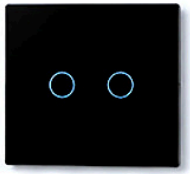

Stylish and intelligent switches for lighting, sockets and appliance control.

4 Gang Smart Switch
- Touch control
- WiFi / Zigbee
- Glass panel design

3 Gang Smart Switch
- Touch control
- WiFi / Zigbee
- Available in black or white

2 Gang Smart Switch
- Touch control
- WiFi / Zigbee
- Fire-resistant panel

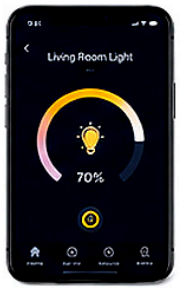

1 Gang Smart Switch
- Touch control
- Minimal design
- Easy installation

APP INTERFACE

A simple and powerful app to manage your entire smart home.

Home Dashboard

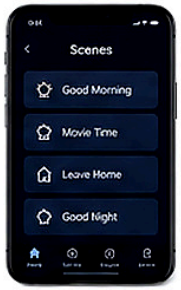

Lighting Control

Curtain Control

AC Control

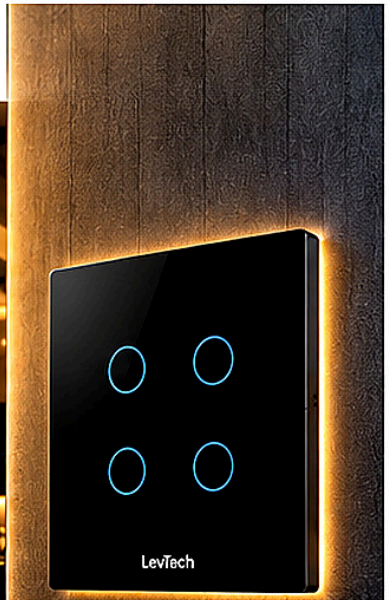

Scene Control

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

SMART SWITCHES & INTELLIGENT SOCKETS

STYLISH CONTROL FOR A SMARTER SPACE

LevTech smart switches and intelligent sockets bring modern design, convenience and automation to your home or business. Control your lighting, appliances and connected devices locally or remotely through mobile apps, voice assistants or smart control panels.

Lighting Control | Mobile App Control | Voice Control | Timers & Schedules | Smart Scenes | Energy Saving

SMART SWITCH SERIES

Modern designs with premium finishes to suit any interior.

1 Gang Smart Switch
- Touch control
- WiFi / Zigbee
- Glass panel design
- Available in black or white

2 Gang Smart Switch
- Touch control
- WiFi / Zigbee
- Glass panel design
- Available in black or white

3 Gang Smart Switch
- Touch control
- WiFi / Zigbee
- Glass panel design
- Available in black or white

4 Gang Smart Switch
- Touch control
- WiFi / Zigbee
- Glass panel design
- Available in black or white

PREMIUM FINISHES

Choose a finish that matches your interior style.

White Glass

Black Glass

Grey

Gold

Silver

Matte Black

INTELLIGENT SOCKETS & MODULES

Smart sockets and modules for flexible and convenient control.

Smart Wall Socket
- WiFi / Zigbee
- Remote control
- Energy monitoring
- USB options

Smart Socket (UK)
- Touch control
- WiFi / Zigbee
- Surge protection
- Modern design

Smart Plug
- Compact design
- WiFi connectivity
- Energy monitoring
- Control appliances

Switch Module
- Fits existing switches
- WiFi / Zigbee
- Lighting control
- Compact size

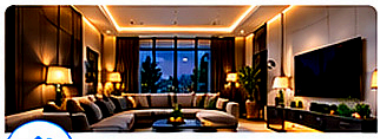

Curtain Module
- Curtain motor control
- WiFi / Zigbee
- Open / close / stop
- Smart scenes

Relay Module
- Multi-channel
- Lighting & appliance control
- WiFi / Zigbee
- Easy installation

APPLICATIONS

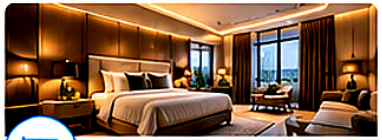

Ideal for homes, offices, hotels, apartments and commercial spaces.

Residential Homes
Convenient and stylish control for modern living.

Offices & Workspaces
Efficient lighting and appliance management.

Hotels & Hospitality
Smart and elegant solutions for guest rooms.

Commercial Spaces
Reliable and flexible control for larger facilities.

LevTech Integrated Systems

Smart. Secure. Reliable.

SMART PLUGS & CONNECTED SOCKETS

Make everyday appliances smarter.

Control your appliances from anywhere, create schedules and timers, and get better visibility of energy use (on supported models) for a more convenient and efficient home or office.

- REMOTE ON/OFF CONTROL
- SCHEDULES & TIMERS
- ENERGY MONITORING (SELECTED MODELS)
- CONVENIENT & EFFICIENT LIVING

COMMON APPLICATIONS

BEDROOM
Control lamps, fans and chargers. Set schedules for convenience and safety.

WORK FROM HOME
Power your work setup with schedules and remote control.

ENTERTAINMENT AREA
Manage TVs, sound systems and ambient lighting effortlessly.

SMALL OFFICE
Control printers, routers and office equipment. Save energy and reduce costs.

Smarter Appliances

LevTech provides smart plug and connected socket solutions to make your home and workplace more convenient, efficient

01 Wi-Fi Smart Plugs

Popular smart plugs for home and office use.

Tapo Smart Plug (Mini) | Sonoff S26 (Wi-Fi) | Tuya Smart Plug (Wi-Fi) | Imou Smart Plug (Wi-Fi) | Tapo Smart Plug (with USB)

02 Zigbee Smart Plugs

Zigbee plugs require a compatible hub.

Sonoff S26R2ZB (Zigbee) | Tuya Zigbee Plug (16A) | Aqara Smart Plug (Zigbee)

03 Energy Monitoring Smart Plugs

Track energy usage on supported models.

Tapo P110 (Energy Monitoring) | Sonoff S60 (Energy Monitoring) | Tuya Energy Meter Plug (Energy Monitoring) | Imou Smart Plug (Energy Monitoring)

04 Smart Wall Sockets / Connected Outlets

Modern smart sockets for a clean and integrated look.

Tuya Wi-Fi Socket (UK Standard) | Tuya Wi-Fi Socket (EU Standard) | Smart Wall Socket (with USB Ports)

05 In-Wall Smart Relay Modules

Turn your existing switches into smart controls.

Sonoff Mini R4 (Wi-Fi) | Sonoff Mini R4M (Matter) | Sonoff ZBMINI-L2 (Zigbee) | Tuya Mini Module (Wi-Fi) | Aqara T1 Module (Zigbee)

06 Multi-Device Scenes & Schedules

Automate multiple appliances for a smarter routine.

- **Home Scene** — Turn on selected devices when you arrive.
- **Night Scene** — Turn off lights and appliances at bedtime.
- **Schedules** — Set timers for daily routines.
- **Energy Saving** — Automatically turn off idle devices.

KEY FEATURES (DEPENDS ON MODEL)

- App-based remote control
- Schedules and timers
- Energy monitoring (selected models)
- Voice control (with compatible platforms)
- Compact and modern designs
- Wide range of plug and socket options

IMPORTANT SAFETY NOTE

Use only within the device's rated voltage/current and approved load. Do not connect high-power or heavy-duty appliances beyond the specified capacity. Fixed wiring and installation of in-wall modules must be carried out by a qualified electrician.

SMART LIGHTING & INTELLIGENT ILLUMINATION

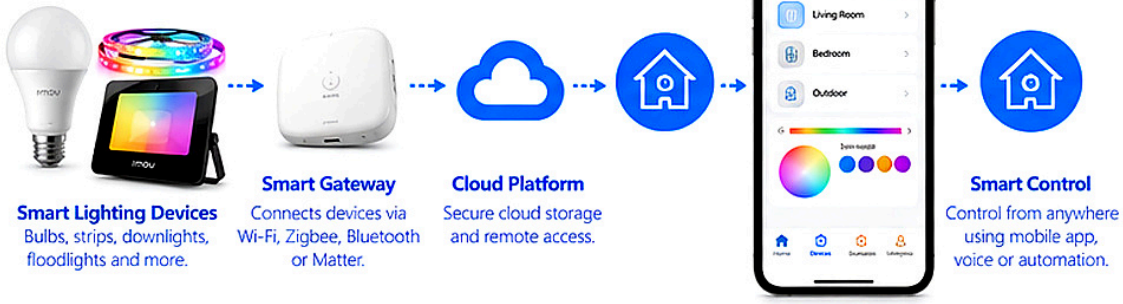

CREATE THE RIGHT ATMOSPHERE FOR EVERY MOMENT.

LevTech offers smart lighting solutions that combine beauty, comfort, security and energy efficiency. Control your lights from your phone, by voice or automatically with smart scenes, schedules and sensors for a smarter, more convenient lifestyle.

- Smart Control
- Energy Saving
- Custom Scenes
- Schedules & Automation
- Enhanced Security

SMART LIGHTING ECOSYSTEM

Connect, control and automate your lighting your way.

Smart Lighting Devices
Bulbs, strips, downlights, floodlights and more.

Smart Gateway
Connects devices via Wi-Fi, Zigbee, Bluetooth or Matter.

Cloud Platform
Secure cloud storage and remote access.

Smart Control
Control from anywhere using mobile app, voice or automation.

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

SMART LIGHTING PRODUCTS

A wide range of smart lighting solutions for homes, offices, hotels and commercial spaces.

SMART BULBS

- White and colour options
- Dimmable brightness
- App and voice control
- Energy efficient LED technology
- Ideal for homes and businesses

LED STRIP LIGHTS

- RGB and RGBIC options
- Indoor and outdoor strips
- Flexible and easy installation
- App control and smart scenes
- Perfect for décor, ceilings, TV walls and outdoor spaces

PANEL & DOWNLIGHTS

- Smart ceiling panels
- Dimmable downlights
- White and colour temperature options
- Ideal for homes, offices and commercial spaces

SMART FLOODLIGHTS

- High brightness LED floodlights
- Smart colour and dimming
- Weatherproof for outdoor use
- App and voice control
- Ideal for gardens, compounds, parking and billboards

SMART CEILING LIGHTS

- Modern and elegant designs
- Adjustable brightness and colour
- App and voice control
- Ideal for living rooms, bedrooms, hallways and offices

GARDEN & OUTDOOR LIGHTS

- Smart garden spike lights
- Pathway and bollard lights
- Wall lights with up/down lighting
- Weatherproof design
- Perfect for landscaping and outdoor security

SMART LAMPS & AMBIENT LIGHTS

- Smart table and floor lamps
- Colour changing ambience lights
- App and voice control
- Perfect for bedrooms, lounges, gaming and workspaces

SMART LIGHTING KITS

- Complete smart lighting kits
- Bulbs, strips and hub options
- Easy setup and control
- Ideal for new installations or upgrading existing lighting

KEY FEATURES

- App Control (Imou Life / Tuya)
- Voice Control (Alexa / Google)
- Dimmable Brightness
- Multi-Colour (RGB / RGBIC)
- Schedules and Timers
- Automation Scenes
- Energy Efficient
- Wide Compatibility

COMPATIBLE PLATFORMS

Works with leading smart home platforms.

Imou Life · Tuya Smart · Smart Life · Google Home · Amazon Alexa · Apple Home · matter · zigbee

APPLICATION AREAS

Ideal for residential, commercial and outdoor environments.

Residential Homes
Comfort, ambience and automation.

Apartments & Estates
Modern and secure living spaces.

Offices & Commercial
Productive and energy efficient lighting.

Hotels & Hospitality
Elegant ambience for guests.

Retail Stores
Enhanced shopping experience.

Outdoor Spaces
Gardens, pathways and compounds.

SMART SENSORS & ENVIRONMENTAL MONITORING

SENSE.
MONITOR.
AUTOMATE.
PROTECT.

LevTech offers a wide range of smart sensors to monitor and protect your home, office or business environment. Our sensors help you detect movement, openings, temperature changes, water leaks and more, and can be integrated with smart home systems, alarms and automation platforms.

HOW IT WORKS

Sensors detect changes and send alerts to your phone, and can trigger automated actions.

Smart Sensors
Detect movement, openings, leaks and more

Send Alerts
Connect via Wi-Fi or Zigbee gateway

Receive Notifications on Your Phone
Real-time alerts anywhere

Automate Actions
Trigger alarms, lights or other smart devices

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

MOTION & PRESENCE SENSORS

Detect movement and presence for security and automation.

IMOU PIR Motion Sensor
- Detects human movement
- High sensitivity
- Long battery life
- Smart automation support

Tapo Motion Sensor
- Wide detection range
- Instant notifications
- Compact and wireless
- Works with Tapo ecosystem

Aqara Presence Sensor
- Detects presence and motion
- High accuracy
- Zigbee connectivity
- Smart home integration

Tuya Wi-Fi Motion Sensor
- Motion detection alerts
- Wi-Fi connectivity
- Low power consumption
- Works with Tuya Smart App

DOOR & WINDOW SENSORS

Monitor door and window openings for enhanced security.

IMOU Door/Window Sensor
- Detects open/close status
- Instant mobile alerts
- Long battery life
- Works with IMOU Life app

Tapo Contact Sensor
- Real-time notifications
- Compact and discreet
- Easy installation
- Works with Tapo app

Aqara Door/Window Sensor
- Zigbee connectivity
- Long battery life
- Smart automation
- Works with multiple platforms

TEMPERATURE & HUMIDITY SENSORS

Monitor indoor conditions for comfort and safety.

Aqara Temperature & Humidity Sensor
- Real-time temperature
- Humidity monitoring
- Zigbee connectivity
- Smart automation

Tuya Wi-Fi Temperature & Humidity Sensor
- Monitor temperature & humidity
- Mobile app notifications
- Historical data
- Smart home integration

WATER LEAK SENSORS

Detect water leaks early and prevent property damage.

IMOU Water Leak Sensor
- Detects water leaks
- Instant mobile alerts
- Compact and easy to place
- Long battery life

Tuya Water Leak Sensor
- Highly sensitive detection
- Wi-Fi connectivity
- Alarm notifications
- Ideal for kitchens, bathrooms

SMOKE & GAS SENSORS

Detect smoke and hazardous gases for early warning.

Tuya Smoke Detector
- Photoelectric detection
- Loud alarm (≥85dB)
- Mobile app alerts
- Low battery warning

Tuya Gas Leak Sensor
- Detects natural gas/LPG
- Loud audible alarm
- Mobile notifications
- Suitable for homes and commercial spaces

AIR QUALITY SENSORS

Monitor indoor air quality for a healthier space.

IMOU Air Quality Monitor
- Monitors CO_2, TVOC, PM2.5
- Real-time air quality data
- Smart automation
- Works with IMOU Life app

Aqara Air Quality Sensor
- Monitors TVOC and air quality
- Zigbee connectivity
- Smart home integration
- Compact and elegant design

KEY FEATURES

- Real-time Monitoring
- Instant Notifications
- Long Battery Life
- Easy Installation
- Smart Home Integration
- Wide Range of Sensors

APPLICATION AREAS

Suitable for homes, offices, commercial and industrial environments.

Residential Homes
Comfort and safety for your family.

Offices & Businesses
Smart monitoring for communities.

Schools & Institutions
Safe and healthy enviornments.

Factories & Warehouses
Monitor critical areas and prevent risks.

SMART CLIMATE CONTROL & INTELLIGENT HVAC

COMFORT, INTELLIGENTLY CONTROLLED.

LevTech delivers smart climate control solutions that create comfortable, healthy and energy-efficient environments for homes, offices, hotels and commercial spaces. Control your air-conditioning, heating and ventilation from anywhere with smart devices, automation and intelligent scheduling.

Comfort Control | Energy Saving | Smart Scheduling | Remote Access | Healthier Living | Automation Scenes

HOW SMART CLIMATE CONTROL WORKS

Connect, control and automate your climate systems.

App Control
Adjust temperature, modes and schedules from anywhere.

Smart Controller
Connects to your AC or HVAC system via IR, Wi-Fi, Zigbee or BACnet (selected models).

Air Conditioning System
Control compatible split, cassette or ducted AC units.

Automation & Sensors

Use temperature, humidity, occupancy and air quality sensors to trigger automatic control.

LevTech INTEGRATED SYSTEMS | Smart. Secure. Reliable.

SMART CLIMATE CONTROL PRODUCTS

A complete range of smart HVAC solutions for residential, commercial and industrial environments.

SMART THERMOSTATS

- Accurate temperature control
- Programmable schedules
- Touchscreen or dial options
- Wi-Fi, Zigbee or Matter models
- Ideal for homes, offices and hotels

SMART AC CONTROLLERS

- Control infrared (IR) AC units
- Supports most leading brands
- App and voice control
- Automatic scheduling
- Compact and easy installation

HVAC CONTROL MODULES

- Control HVAC systems (VRF/VRV)
- Integrate with BMS (selected models)
- Dry contact and relay options
- Works with smart home platforms
- Ideal for commercial projects

SMART RADIATOR CONTROLS

- Intelligent radiator thermostat
- Temperature scheduling
- Energy saving and comfort
- App and voice control
- Suitable for homes and offices

TEMPERATURE & HUMIDITY SENSORS

- Real-time temperature & humidity
- Triggers for automation scenes
- Compact and accurate design
- Wi-Fi, Zigbee or Matter options
- Ideal for indoor environments

AIR QUALITY MONITORS

- Monitor PM2.5, CO_2, TVOC & more
- Improve indoor air quality
- Real-time data and app alerts
- Supports smart automation
- Ideal for homes, offices and schools

SMART FANS & VENTILATION

- Smart ceiling and exhaust fans
- App and voice control
- Adjustable speed and timers
- Works with smart home platforms
- Ideal for bathrooms, kitchens and commercial spaces

HVAC SYSTEM TYPES

- Split, cassette and ducted systems
- VRF/VRV control (selected models)
- Integration with BMS
- Smart control and monitoring
- Ideal for commercial and industrial use

KEY FEATURES

- Remote Control
- Voice Integration
- Schedules and Timers
- Energy Efficiency
- Comfort Scenes
- Wide Device Compatibility
- Real-Time Monitoring
- Easy Installation

COMPATIBLE PLATFORMS

Works with leading smart home and building platforms.

Tuya Smart | Smart Life | Aqara | Google Home | Amazon Alexa | Apple Home | matter | zigbee

APPLICATION AREAS

Ideal for residential, commercial and industrial environments.

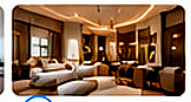

Residential Homes
Comfort and healthy living.

Apartments & Estates
Smart climate control for modern communities.

Offices & Commercial
Productive and comfortable workspaces.

Hotels & Hospitality
Enhanced guest experience.

Schools & Institutions
Healthy learning environments.

Industrial Facilities
Reliable climate management.

SMART WINDOW TREATMENTS

Curtains, blinds & switchable smart film

Automate light, comfort and privacy with compatible window-treatment systems.

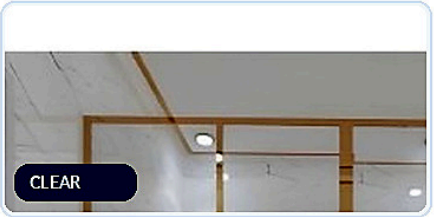

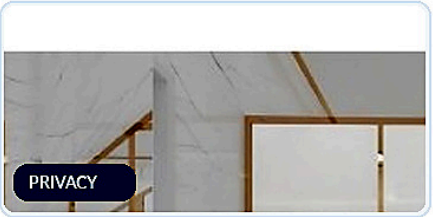

MOTORISED CURTAINS & BLINDS

Bring curtains and blinds into everyday routines with compatible track motors and connected control systems.

- **APP OR REMOTE CONTROL**
  Operate curtains with supported controls.
- **TIMED SCHEDULES & SCENES**
  Link opening and closing to daily routines.
- **CONNECTED INTEGRATION**
  Voice/app control depends on the motor and ecosystem.

LIVING ROOMS | HOTELS | OFFICES | BEDROOMS

SWITCHABLE SMART FILM

Change compatible glass from transparent to private/frosted using an appropriate switching and control solution.

- **MEETING ROOMS & PARTITIONS**
  Support privacy in glass meeting rooms and offices.
- **HOMES & GLASS DOORS**
  A privacy option for suitable windows and glass panels.
- **CONTROL OPTIONS**
  Switch, remote or smart control based on installation.

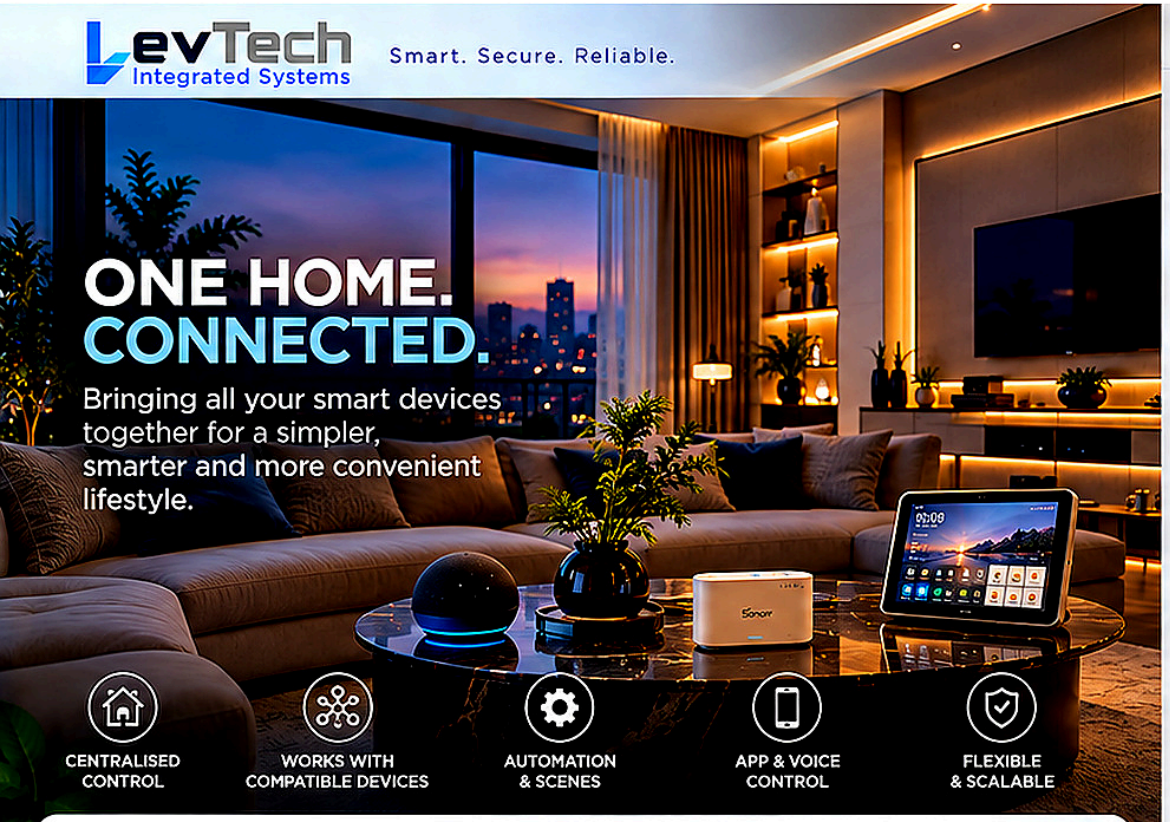

MEETING ROOMS | GLASS PARTITIONS | WINDOWS | BATHROOMS

SPECIFICATION NOTE

Final selection depends on curtain track geometry, motor load, glass type, power requirements and control compatibility.

LevTech Integrated Systems

Smart. Secure. Reliable.

ONE HOME. CONNECTED.

Bringing all your smart devices together for a simpler, smarter and more convenient lifestyle.

CENTRALISED CONTROL

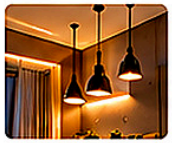

WORKS WITH COMPATIBLE DEVICES

AUTOMATION & SCENES

APP & VOICE CONTROL

FLEXIBLE & SCALABLE

SMART HOME USE CASES

LIGHTING
Control and automate indoor and outdoor lighting.

CURTAINS
Open and close curtains with schedules or voice control.

SENSORS & SECURITY
Connect motion sensors, contact sensors and cameras.

PLUGS & APPLIANCES
Control appliances and monitor energy usage (on supported models).

CLIMATE CONTROL
Manage air conditioners, fans and other smart climate devices.

ENTERTAINMENT
Create scenes for movies, gaming and relaxation.

A Smarter, Connected Home for a Better Tomorrow.

LevTech provides smart home hubs and connected devices to bring your home and workplace together, giving you more control, comfort, security and efficiency — all in one ecosystem.

01 SONOFF BRIDGE MAX (BRIDGE-M)

A powerful smart home hub for a wider connected experience.

SONOFF Bridge Max
(Zigbee + Matter)

SONOFF Bridge-M
(Zigbee)

- Connect compatible Zigbee and Matter devices (Bridge Max)
- Support for a wide range of SONOFF and third-party devices
- Control via eWeLink app
- Compact and modern design

02 TUYA / SMART LIFE GATEWAYS

Reliable gateways for a connected smart home.

Tuya Multi-Mode Gateway
(Zigbee + Bluetooth)

Smart Life Gateway
(Zigbee)

- Connect compatible Tuya/Smart Life devices
- Support Zigbee sub-devices (varies by model)
- Control via Tuya Smart or Smart Life app
- Stable and reliable performance

03 ZIGBEE DEVICES

A wide range of compatible Zigbee devices.

Zigbee Smart Bulb

Zigbee Door Sensor

Zigbee Motion Sensor

Zigbee Wireless Switch

Zigbee Temperature & Humidity Sensor

04 MATTER INTEROPERABILITY

Connect across a growing smart home ecosystem (with supported devices).

matter

- Works with supported Matter devices and ecosystems
- Helps you unify compatible devices from different brands
- Enables a simpler and more consistent smart home experience
- Features vary by device and platform

05 APP & VOICE CONTROL

Manage your smart home from anywhere.

Amazon Alexa

Google Home

Apple Home

Smart Life (Tuya)

eWeLink (SONOFF)

- Control compatible devices via mobile app
- Use voice commands (supported platforms)
- Create routines, schedules and automation
- Manage multiple rooms and devices

06 PLAN BEFORE PAIRING

Get the best experience with a well-planned setup.

Check Compatibility
Ensure devices are compatible with your chosen hub and platform.

Plan Your Network
Use a stable Wi-Fi network and place hubs in a suitable location.

Group Devices
Organize devices by room for easier control and automation.

Create Routines
Set schedules and scenes to match your lifestyle.

Features, supported devices and ecosystems vary by model, brand and region. Please check specifications before purchase and installation.

LevTech Integrated Systems

Smart. Secure. Reliable.

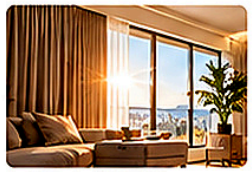

SMART LIVING. SEAMLESS CONTROL.

Automate your home.
Simplify your life.
Live smarter, every day.

SMART COMFORT | ENHANCED SECURITY | CONVENIENT AUTOMATION | VOICE & APP CONTROL | CONNECTED LIFESTYLE

SMART HOME APPLICATIONS

Automated Curtains
Let in natural light and enjoy total privacy with motorized curtains.

Smart Bedrooms
Convenience, comfort and smart control at your fingertips.

Family Command Center
Manage your home, schedules, security and entertainment in one place.

Smarter Spaces
Secure your cabinets, drawers and valuable items with smart locks.

A Smarter Home for a Better Tomorrow.

LevTech brings smart home technology to your living spaces, combining comfort, security and modern convenience for a connected and intelligent lifestyle.

01 Smart Furniture Locks

Electronic locks for cabinets, drawers and furniture.

Smart Cabinet Lock (Keypad)

Smart Drawer Lock (RFID Card)

Hidden Furniture Lock (Compact)

Smart Furniture Lock (Fingerprint)

02 Smart Curtain Motors & Tracks

Motorized curtain systems for homes and offices.

Smart Curtain Motor (with Track)

Motorized Curtains (Elegant & Quiet)

03 SONOFF Bridge Max / Bridge-M

Smart home gateway to connect and manage devices.

Sonoff Bridge Max (Smart Home Hub)

Sonoff Bridge-M (Compact Hub)

04 Amazon Echo Smart Displays & Speakers

Stay informed, entertained and in control with Alexa.

Amazon Echo Show 15 (Large Smart Display)

Amazon Echo Show 5 (Compact Smart Display)

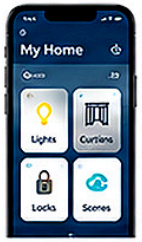

Amazon Echo Spot (Smart Alarm Clock)

Amazon Echo Dot (Smart Speaker)

05 Voice & App Control

Control your smart devices using voice commands or mobile apps.

"Open the curtains"
"Lock the cabinet"
"Turn on the lights"
"Good night"

Voice Control | Mobile App | Remote Access | Smart Routines

06 How It Works

A simple smart home automation process.

Voice Command or Mobile App → Bridge Max (or Compatible Hub) → Connected Device (e.g. Curtain / Lock / Light) → Automated Response

KEY BENEFITS

- Convenient and hands-free control
- Modern and elegant living spaces
- Enhanced security for your belongings
- Works with multiple smart devices
- Custom scenes and automation routines
- Ideal for homes, apartments and offices

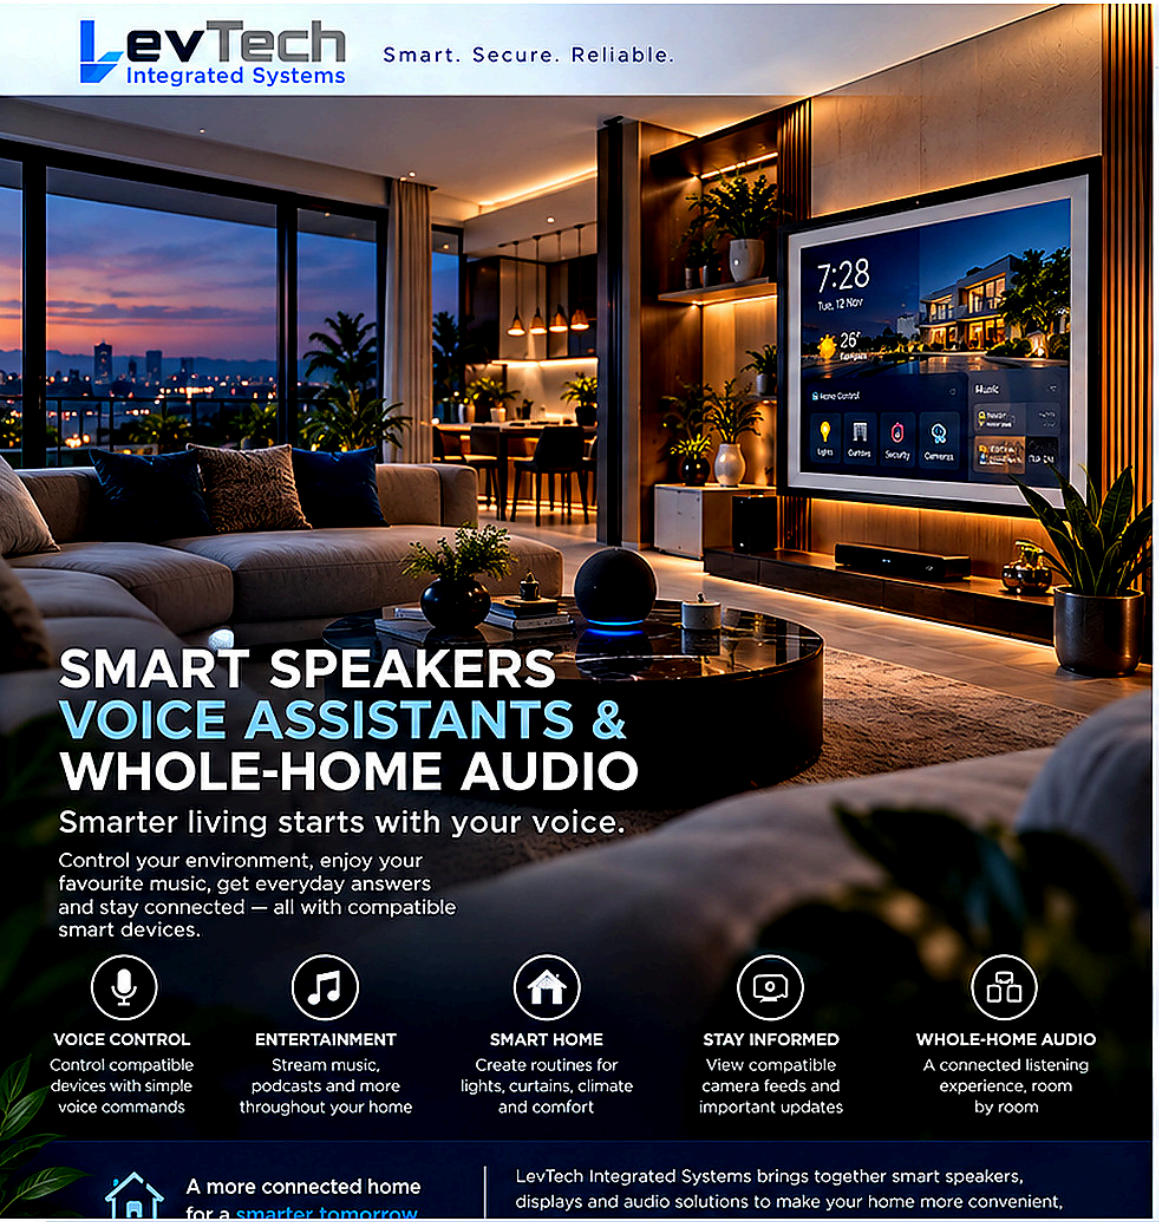

COMPATIBLE WITH YOUR SMART HOME ECOSYSTEM

Curtains | Furniture Locks | Lighting | Smart Plugs | TV & Entertainment | Fans & Appliances

Features depend on model, hub, region and device compatibility.

LevTech Integrated Systems

Smart. Secure. Reliable.

SMART SPEAKERS VOICE ASSISTANTS & WHOLE-HOME AUDIO

Smarter living starts with your voice.

Control your environment, enjoy your favourite music, get everyday answers and stay connected — all with compatible smart devices.

VOICE CONTROL
Control compatible devices with simple voice commands

ENTERTAINMENT
Stream music, podcasts and more throughout your home

SMART HOME
Create routines for lights, curtains, climate and comfort

STAY INFORMED
View compatible camera feeds and important updates

WHOLE-HOME AUDIO
A connected listening experience, room by room

A more connected home for a smarter tomorrow

LevTech Integrated Systems brings together smart speakers, displays and audio solutions to make your home more convenient,

01 LARGE SMART DISPLAY

Keep your home organized and in control.

Smart Display 15"
A large, versatile display for your home.

- Voice control for compatible smart-home devices
- View calendars, reminders and useful information
- Watch videos, view compatible camera feeds
- Manage your day and control your home at a glance

02 COMPACT SMART DISPLAY

Big functionality in a compact design.

Smart Display 5
Compact display for any room.

- Voice control and visual responses
- View compatible camera feeds
